### EXPERIENCE

#### HEAD OF PSYCHOLOGY

PSYCHOLOGY TALKS / LEICESTERSHIRE / 2015-PRESENT

- Providing training, consultation and therapeutic input for young people and adults who are looked after in residential services
- Providing consultancy, training, supervision, group work, assessment and individual therapy in education settings, including mainstream primary and secondary schools and schools for children with emotional and behavioural difficulties
- Liaison, consultancy, training and direct therapeutic work with severe and enduring mental health services in supported or semi-independent living
- Assessment and individual treatment work (self-referral, organisational referral and employee assistance programmes)
- Conducting medico-legal assessments for litigation, criminal proceedings, care orders, immigration tribunals and mental health reviews.

#### PRACTITIONER PSYCHOLOGIST

CLINICAL PSYCHOLOGY ASSOCIATES / MANCHESTER / 2011-2017

- Providing training and support for young people and their staff teams within children homes and mental health services.
- Implementing assessments and treatment programmes for individuals with acute and chronic mental health difficulties.

#### PSYCHOLOGICAL THERAPIST

WEST LEICESTERSHIRE MIND / LEICESTERSHIRE / 2009-2011

- Providing one-to-one therapeutic intervention through the charity organisation, MIND.
- Delivering therapy whilst working under the ethical guidelines of the BPS and the BACP.
- Delivering long term, ongoing therapy and the deliverance of short term and higher intensity therapeutic interventions under the IAPT scheme.
- Undertaking accurate assessments, formulation, complete comprehensive outcome measures and keeping thorough case notes.

#### PSYCHOLOGICAL THERAPIST

NETWORK FOR CHANGE/LEICESTERSHIRE/2009-2011

- Providing outreach support programmes to meet the needs of adults with a variety of mental health difficulties
- Facilitate group therapy which is aimed at particular difficulties that were identified by the service users enabling them to better manage difficulties.
- Undertaking risk assessments and outcome measures.
